## Rescue 911 firecracker

Residents can no longer obtain open fire permits or fireworks in person at WFPS headquarters. Permits and applications and renewals of persons with licensed services can be obtained by applying online to or by email [fireinspections@winnipeg.ca](mailto:fireinspections@winnipeg.ca) Please note, fireworks passes do not replace any currently valid provincial public health orders. Public health orders must be followed during any event. Visit the COVID-19 website for a complete list of the impact of the services. Yes! A display permit is required. No person may light, fire or set on any fireworks or cause any fireworks to be lit, fired or turned on, and no owner or occupant of the premises may allow fireworks to be lit, fired or set off on the premises without a fireworks display certificate issued by the fire department. There is no charge for a display permit for consumer fireworks. A fireworks permit may be issued for a person aged 18 years and older. Not necessarily! In some situations where permits for combustible materials or buildings are questionable, an inspection may be carried out by the person of the fire department to determine whether the site is suitable for a firework. The combustion base (e.g. non-combustible mound or bucket of sand or earth) must be a minimum of 100 metres away for wells and other ground elements from the nearest building. Roman candles require a minimum clearance of 30m x 30m. (Approximately 100' x 100') Make sure there are no overhead wires, branches or other obstacles when installing the display. Keep a metal bucket or other suitable container partially filled with water to remove fireworks. Buyers must be at least 18 years old. Most residential properties may not be able to meet 100 foot clearances required. No person may start any fireworks in or in any building, door, car, or other place where such setting off could create a danger or nuisance to any person or property. No person may ignite, fire or start any fireworks or cause any fireworks to be lit, fired or turned on or in any highway, street, lane, square or any other public place, unless otherwise permitted by this regulation and laying off the firecrackers is strictly prohibited. Remember, all viewers should maintain a safe distance (recommended minimum 100 meters) from the firing base. The applicant must provide written consent to the registered owner or agent of the land owner for whom the Authorisation. No person may ignite, fire or set off fireworks on or over land owned by the city of Winnipeg or land over which the city has possession or control, unless the person has obtained permission to do so from the City Department, which is responsible for the land, and agreed in writing to assume all liability associated with fireworks display, fully compensate the city and harmlessly save from any associated liability fireworks. Please allow 10 business days to process permission from Winnipeg Parks. For more information follow the link below: Park Rentals- Fireworks First, read and follow the manufacturer's instructions on all fireworks. Plan the drawing order before you start. Make a burning base (eg, mound of sand or earth) from which to turn on fireworks. Bury all long fireworks at least halfway in the firing base. Light all the fireworks at the length of your arms, sitting in the back and keeping your face turned. Preferably, use a lit stick to turn on your fireworks. Light carefully, and always light the wick at its tip. Don't forget to protect your eyes with goggles or goggles! Provide a bucket of water or garden hose attached to a water source to be used, if necessary, as a fire extinguisher. Do not shoot in windy conditions and store fireworks in a cool, dry, ventilated place in a locked container away from children. Check with your local municipal authority for the area where your cottage is located for any specific regulations or conditions that may apply. Any legal identification that has the applicant's name on it would be a birth certificate and/or driver's license that has a current address on it is acceptable. Also, remember to bring any forms of written consent that are required if you are not the owner of the property. It is also recommended to get your license well before holiday weekends to avoid any possible delays. Permits for consumer fireworks must be reviewed by the Winnipeg Paramedic Fire Service, Fire Prevention Division on the second floor, 185 King Street. A permission letter is required. You can attend a local fire station for information and consumer fireworks application forms or follow this link to download a permit application. Online Through the ABQ311 mobile app Calling 311 Using both legal and illegal fireworks can be extremely dangerous for you and others by failing to comply with safe practices. Pay attention to your surroundings and comply with all laws relating to the use of fireworks where you live. We understand that, with the COVID-19 restrictions, this will be an unprecedented year in terms of how we celebrate the holidays. Please pay attention to your neighbours (citizens with PTSD, elderly, young children) and pets as loud noises can be traumatic and disruptive. Banned Fireworks City of Albuquerque Ordinance prohibits the sale and use of all fireworks aerial and ground sound devices within the city limits. The use of illegal fireworks is punishable by the immediate summoning and confiscation of illegal fireworks and puts the community at risk of fire. Addresses that have been identified as using illegal fireworks will be issued a TEST AND TEST ORDER by post. It is a mandatory court appearance A fine of up to \$500 and 90 days in prison Improper use of permitted fireworks and/or illegal use of aerial or ground sound devices may result in the user or or found extremely negligent and financially responsible for damages. Aerial Spinners Helicopters Rocket Mines Roman Candles Shells Stick Type Rockets Chasers (Glass Rockets) Petarde Once lit, aerial and ground sound devices take an unpredictable flight path and pose a significant fire hazard to structures and vegetation. They also possess significant injury potential for the user and innocent passersby. These devices are also disturbing to public peace. Fireworks allowed if you buy fireworks from retail stores and stands within city limits, fireworks are legal. Read the warning label. If it says WARNING, it's illegal. If it says WARNING, it's legal. The following fireworks are safe and legal: Ground and hand held sparking devices Cone Fountains Crackling Cylindrical Fountains Flitter Sparklers Ground Spinners Lighting Torches Wheels Safe use of fireworks should not be used in Red Flag Warning days, as these days indicate an extreme risk of fires. To keep up to date, visit [weather.gov](http://weather.gov). What and where to buy - Always buy fireworks from a local supplier to ensure that what you purchase is safe and legal for use within the city limits. Fireworks should be used only on paved or barren areas - Away from houses, vegetation and combustible materials. Fireworks of any kind cannot be unloaded in Bosque, open areas or city parks. Have a water source available to put in any unintentional fires, would be a loaded garden hose or two 5-gallon dumpings. Surveillance - You always have an adult present and never allow children to use fireworks to avoid injuries and improper use. Follow the instructions - Always read and follow the instructions carefully. Elimination - Throw used fireworks in a bucket of water. Make sure they are completely cold to the touch before throwing them in the trash. Emergencies - If there is a fire, leave the area immediately and call 911. Do not try to make your own fireworks, as they can lead to dangerous and unpredictable explosions and lead to serious injuries. Fireworks: Risks & Stats If you don't handle fireworks properly, you risk serious injuries and damage. Deaths and injuries nationwide - In 2018 there were 5 dead and more than 9,000 injured, and in 2017 there were 8 dead and more than 12,900 injured For children under 5, sparklers accounted for more than half of the total estimated injuries. The NFPA report shows that more than 16,000 reported fires are started annually by fireworks On July 4, 2019, Salvamont 2019, Rescue Firefighters in have had 52 calls for fires outside the night Albuquerque has a unique urban interface, open space areas that are in constant danger of fires. These fires would endanger the lives of those living nearby and many species of wild life. These areas include the Westside Open Space, Foothills and Bosque area. Fireworks can be associated with blindness, third degree burns, and permanent scarring. Permanent. may also cause residential fires, motor vehicles and wild land which may lead to a serious finding of negligence to the user or adult supervising serious negligence and those financially responsible for the damage. Fireworks patrol two weeks before the 4th of the holiday, Albuquerque Fire Rescue will begin patrolling throughout the city and open space areas. These patrols help ensure the safety of our community by preventing the sale and use of illegal fireworks within the city limits. Those who are caught will be summoned and will have a mandatory appearance in court. See more information. Information.
